CORE COMPETENCIES

The Necessary Nurse Concierge Services (TNNCS) aims to drive policy change by advocating for evidence-based, compassionate, and competent in-home and on-demand postpartum nursing care. TNNCS recognizes the potential of advancing technology to deliver remote care, particularly to geographically marginalized communities. By leveraging strategic partnerships with public and private stakeholders, TNNCS seeks to maximize its impact on the intended patient audience, reduce health disparities in marginalized communities, and ultimately improve health outcomes by offering:

- ✓ Comprehensive training programs designed to advance leadership abilities, improve communication skills, and strengthen technical expertise.
- ✓ Professional development and training for novice and experienced healthcare professionals and nurses
- ✓ Licensed professionals in multiple states
- ✓ Mental health support via telehealth
- ✓ Telehealth, telephonic, and/or in-person nursing care
- ✓ Postpartum care services to include lactation consulting.
- ✓ Provide quality practicum experiences for nursing students
- ✓ Multiple training modalities

TNNCS will provide tailored professional services to meet individual, organization, and stakeholder needs.

DIFFERENTIATORS

Proven integrity in every aspect of service delivery.

Understands many of the unique reporting requirements to do business with the government.

A trusted and reliable entity for helping patients when they are most vulnerable.

Seamless support to patients through evidence-based practices and people-oriented approaches to solving problems facing patients.
